

Name _____

Container Gardening: Kitty Garden

You can make your family cat very happy with its own container garden. **Plant** some catnip and some grass seed mixture of oat, wheat, barley, and rye in containers for your cat to enjoy. You can **keep** these containers outside during the spring and summer months. **Bring** them indoors and keep them on a sunny windowsill during the cold months of the year. What a perfect gift for your purrrfect pet!

Do research to find out why cats like these plants. Record what you find here.

Why do cats like grass? _____

Why do cats like catnip? _____
