

Growing Fruit: Fruit Poster

Collect ten pictures of different kinds of fruits from magazines or gardening catalogs.

Glue the fruit pictures on a large piece of poster paper. Beside each picture, write which type of fruit is in the picture (simple, aggregate, or multiple). Add pictures of 5 things that you like to eat that use fruit, like strawberry ice cream and apple pie! List the fruit and things you eat on this page.

Share your poster with the group. **Tell** which fruits you enjoy the most.
