

**Growing Seeds Indoors: Let's do it again!**

Did you complete the Growing Seeds Indoors Project? If so, you have seen how easy it is to grow plants from seeds. Now you can try growing some different seeds. Look in a gardening catalog or go visit a garden center and see what other kinds of vegetables and flowers you can grow from seeds. Repeat the Growing Seeds Indoors Project. If you plan ahead, you can grow seedlings for your outdoor vegetable garden or for flower containers on your porch this summer.
